SCHEDE DEI COMPITI

I colori e i numeri indicano quante uova di quale colore devono essere posizionate nelle file orizzontali.

Compito

Più è pieno, più è difficile il compito.

I colori e i numeri indicano quante uova di quale colore devono essere collocate nelle colonne verticali.

REGOLE

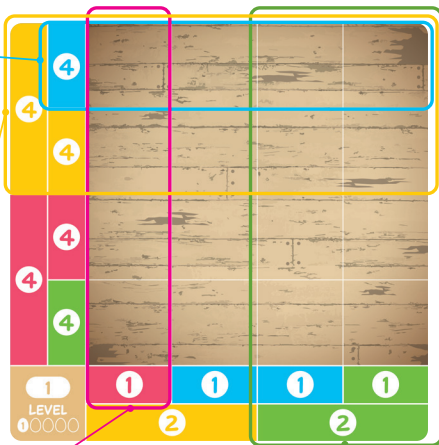

Posiziona le uova secondo gli indizi del colore e del numero. Il compito è risolto quando tutte le uova sono al posto giusto.

In questa fila devono essere deposte 4 uova blu.

Un totale di 4 uova gialle deve essere collocato in queste due file.

1 uovo rosa deve essere messo in questa colonna.

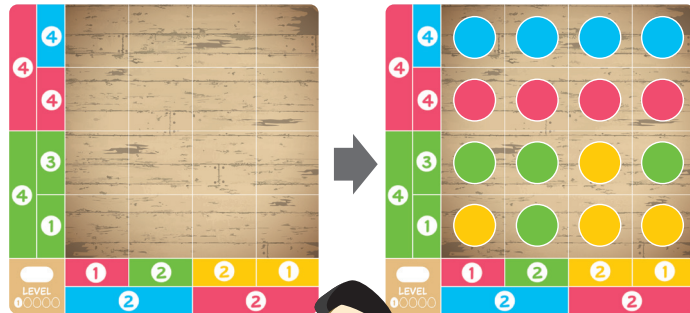

Un totale di 2 uova verdi deve essere collocato in queste due colonne.

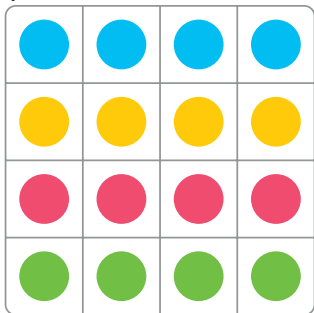

Per posizionare correttamente tutte le uova, è necessario prestare molta attenzione alle istruzioni per le righe e le colonne e provare diverse posizioni per le uova.
